### Territorial Grand Jury Found No Fraud In Election

To Judge Gear this morning the Territorial grand jury reported in the matter of alleged election frauds brought to the attention of the court by C. W. Ashford.

Ashford charged impersonation of absent voters, marking of ballots with ink-stained fingers for purposes of rejecting them, discharge of Government employes for political reasons and so forth.

Judge Gear charged the jury to investigate the allegations and for several days, members of the jury have been hard at work examining a host of witnesses.

The result of their deliberations, as shown by majority and minority reports handed to the court this morning and ordered placed on file, sustain charges against none. H. C. Birbe being the only alleged offender mentioned by name, the majority report recommending that such men as Birbe be hereafter eliminated from official election proceedings. Birbe is not found to have wilfully committed any wrong but is held responsible for certain events in the Seventh Precinct of the

A peculiar fact in relation to the report of the minority in relation to the alleged election frauds is that the three signers also signed the majority report, which, according to the autographs, was a unanimous report.

Says the main report:

Your above named grand jury having heretofore, to wit: on the 13th day of November, 1903, been duly charged by your Honor to investigate election frauds alleged to have been committed within the Island of Oahu and the jurisdiction of this Honorable Court, at and concerning the special election of officers for the county of Oahu, on the 3rd day of November last; and having been given in hand a communication of C. W. Ashford to your Honor, containing particular charges of election frauds and misdemeanors, retired, and in accordance with said charge.

The management of the Alexander Young Hotel has made arrangements to cater to after theater supper parties. Special prices.

### ANOTHER FORECLOSURE.

Edward Kunst yesterday filed a bill for the foreclosure of mortgage vs. Otto Ludloff and Maria Ludloff, his wife. Plaintiff complains of the defendants and brings the bill in equity to foreclose the mortgage of mortgage for breach of covenants contained in said mortgage. The plaintiff alleges that the defendants have failed to pay the principal of the mortgage, amounting to \$1100 and the interest \$23, and prays that the court decree that defendants pay the sum of \$1100 and in default of failure thereof the lands set out in the mortgage situated at Kapiolani tract, may be sold at public auction; also that the equity of redemption in the said land may be foreclosed and for such further relief as plaintiff may be entitled to including costs and attorney's fees.

### LINDSAY SWORN.

### TERRITORIAL BONDS Taken In Block BY NEW YORK FIRM

The bids in the matter of the Territorial bonds were opened in the Governor's office, Capitol building, at 2 o'clock this afternoon. Acting Governor Carter presided and Treasurer Kepokai opened the bids. There were present besides these two, the following: Messrs. S. M. Damon, E. I. Spaulding, P. C. Jones, J. A. Gilman, W. P. Pfenhauer, Attorney General Andrews, F. M. Swanzy, Clarence Cooke, B. F. Dillingham, F. J. Lowrey, Auditor Fisher, Deputy Auditor Meyers, and John Waterhouse.

The Treasurer stated that he received this morning at 8:30 o'clock, in response to his cable to the U. S. Trust and Mortgage Co. of New York to send on all bids at once, bids from Fish & Robinson and the National City Bank.

Fish & Robinson bid, according to the interpretation of the cipher cable received, \$1,000,000 for the whole issue of the bonds or none at all. "All or none!" said the cable.

The National City Bank bid, so the cable was interpreted, \$999,281 for all or any of the bonds.

There were three bids altogether. The local bid, that of the Hawaiian Trust Company, bid 98 per cent.

In P. C. Jones' opinion the bid of Fish & Robinson was by far the best. Robinson, he said, had made a flat bid.

Carter showed that the Hawaiian Trust Co.'s bid was equivalent to \$999,281. There seems to be no question but that Fish & Robinson's offer was the one for the Territory to accept.

Opinions were called for most of those present agreed with the ideas of the Governor and P. C. Jones.

Treasurer Kepokai, after the bankers had expressed their minds, stated that, in his opinion, the Fish & Robinson bid was the best and should be accepted.

Governor Carter suggested that the Treasurer wire New York to that effect and Kepokai said that he would do so at once.

Following shows the relative merits of the bids:

Fish & Robinson	\$1,000,000
National City	999,281
Hawaiian Trust	98%

Treasurer Kepokai at first desired time to consider certain possible advantages which might raise the value to the Territory of the Hawaiian bid. There would be the expense of bringing the coin into the country to consider.

Carter believed that the matter could be settled there and then by a discussion of the relative advantages of the bids. The matter could be figured in a very short time. To this Kepokai agreed and it was settled as above reported, the award going to Fish & Robinson, who take the whole issue.

One bid was received in New York unaccompanied by a certified check and was therefore not considered.

Before the meeting broke up, S. M. Damon arose and said he wished to congratulate the Acting Governor upon the success of his mission. It was the first time that bonds to such an amount had ever been placed satisfactorily for the Islands. The result

### FOOTBALL SATURDAY

Punahou and Maile-Hima team football players promise for Saturday next one of the most hotly contested games ever played on a Hawaiian gridiron. Both teams are confident and those interested may look for desperate attempts to score. The game will undoubtedly be an open one with plenty of around the end running. There is no advantage on either side, nearly all the players having taken part in games during previous seasons and the average weight being about the same. A far better game than that of last Saturday may be confidently expected. Play will commence promptly at 3:30 o'clock.

Anderson will captain the Punahou force while Ben Clark will be at the helm for the Maile-Himas. It was not expected that Wm. Williamson would play but loyalty to his team and a love of the excitement of the game have led him once more to the position of quarter-back where he will play on Saturday.

The Punahou have had a series of accidents recently which have checked somewhat their progress but this will not affect to any great extent their play on Saturday. Sam Johnson has had his head cut and Bill Walker is going around with a protuberance over one of his eyes.

### BOULTON REFUTES CHARGES AGAINST BRIGHAM

Professor Brigham of the Bishop Museum received the following cable gram from London this morning:

Arrived last night. Received your letter of 19th October. I authorize you to contradict statement in newspaper cutting you enclosed. Am writing to you and to trustees.

BOULTON.

Mr. Boulton was recently a visitor in Honolulu and with his son visited the Bishop Museum. Prof. Brigham showed them around the museum. After this, Prof. Brigham, in article appearing in the Independent and Advertiser, was charged with reflecting upon the character of Father Damien. Prof. Brigham forwarded the clippings to Mr. Boulton with the result given in the cablegram.

### Carrie Nation Creates Sensation In Washington

[Associated Press Special Cable.]  
WASHINGTON, Nov. 19.—Carrie Nation, the hatchet temperance reformer created a sensation in high official circles today by her erratic actions. She first went to the White House and demanded to see the President. On her request being refused she became violent and was finally forcefully ejected.

Mrs. Nation then went to the Capitol and attempted to take part in the proceedings of the Senate. She was followed by a large crowd and her violent harangues created such a disturbance that she was finally arrested, taken before a Police Magistrate and fined. Except for the vote on the Cuban reciprocity treaty Carrie Nation was the sensation of the day.
